

## We Will Rock You (New Community Choir Version!)

The choir is back, moving to the track,  
(We're) Standing on the rock as the music plays,  
(Like) Soul and blues, whatever you choose  
Rock and pop, we'll make the news!

We will, we will, rock you.

We will, we will, rock you.

Grab your attention, giving you a mention,  
Gonna be a famous choir one day,  
(Right!) Side by side, on the ride,  
Taking the challenge in our stride.

We will, we will, rock you.

We will, we will, rock you.

Time for take-off, never take a rake-off,  
You know we're not here for the money they pay,  
(No!) Keep it free, for you and me,  
We celebrate our family.

We will, we will, rock you.  
We will, we will, rock you.

Keep the beat up, we're gonna turn the heat up  
With one voice take it all the way,  
(Like) Soul and blues, whatever you choose  
Rock and pop, we'll make the news!

We will, we will, rock you.  
We will, we will, rock you.
